

Want a Drink?

Bellin Health is committed to the overall health and wellbeing of our patients and our community. We examine social determinants of health to help provide guidance and resources to improve the lives of those we serve based upon life factors that may be affecting their health. An area of emphasis is helping people assess their use of alcohol and if it is leading to additional health care risks in their lives. Learn how you can evaluate your use of alcohol and how it may be affecting your health.

Contact **Linda G.** at wellnessconsultant@bellin.org or **920.436.8668** for more resources. For 24/7 health system access, go to bellin.org/contact or call **800.528.7883**.
